

Wonderlic Basic Skills Test - Non-Proctored

Which math class should he be in?

Are her English skills going to allow her to keep up?

Does he need remedial training?

Description

Evaluating basic skills from afar has never been easier! The Wonderlic Basic Skills Test – Non Proctored was created specifically for online administration to allow for fast, easy and accurate evaluation of your candidates 24/7 from anywhere in the world.

Placement of incoming students is now easier than ever! Whether you currently use an admissions test or offer open enrollment, an online basic skills test is the ideal way to assess the English and math capabilities of all applicants. No more discovering skills gaps after they've enrolled!

Scoring recommendations are set based on your curriculum and the needs of the career, and can be adjusted to meet the exact demands of your programs.

Determining whether your applicants have the basic English and math skills for your entry-level positions is critical in today's multicultural world. Don't find out after you've hired them that they can't do the job!

Scoring recommendations are set based on the requirements of the job, and can be adjusted to meet the exact demands of the position.

Fast and Easy for Everyone

Applicants can take the two 20-minute assessments 24/7 from any computer with online access, without the need for a proctor. The report provides detailed diagnostics that outline where skills gaps exist. Understand in seconds where they stand and what training they could benefit from.
