

Wonderlic Advanced Skills Test - Non-Proctored

Is he
college ready?

Is she ready to
start an advanced
degree program?

What level
class should he be
placed in?

Description

Go beyond basic skills! Based on the Occupational Information Network (O*NET) and Common Core State Standards, the new **Wonderlic Advanced Skills Test** measures the language and mathematics skills needed to enter two- or four-year college programs. Non-proctored, online administration allows for fast, easy and accurate evaluation of incoming students 24/7 from anywhere in the world.

Ideal for colleges with online classes, schools with ESL students, and institutions offering Associates and Bachelor degree programs.

Fast and Easy for Everyone

Applicants can take the two 30-minute assessments 24/7 from any computer with online access, without the need for a proctor. The easy to read report compares the test taker's scores with the skill level required and provides an at-a-glance performance category (Below College-Ready, College-Ready or Bachelor's Degree-Equivalent). Detailed diagnostics help you understand what classes they are ready for and exactly what remedial training is needed, if any.

Accurate Placement

Placement of incoming students is now easier than ever! Whether you currently use an admissions test or offer open enrollment, an online advanced skills test is the ideal way to assess the language and mathematics capabilities of all applicants. No more discovering skills gaps after they've enrolled!

Scoring

Scoring recommendations are based on your curriculum and the needs of the career, and they can be adjusted to meet the exact demands of your programs.
